

The Financial Services & Technology Companies Are Thriving In Columbus, Georgia

11,000+ people are employed in the financial services industry in Columbus, Georgia. “The community really supports us and is pro-business,” says Heath Schondelmayer, Synovus Division CEO. “Many companies have started here and gone public to become a Fortune 500. Georgia has been the top state to do business in for nine years and we’re the second largest city in the state, making it the ideal place for Synovus to headquarter.”

Columbus offers Financial Services and Technology companies an affordable and reliable place to do business. “Columbus is known as a center for technology and a financial hub,” says Colin Martin, External Affairs Manager at AT&T West Georgia. “Our infrastructure supports their growth.”

In addition to abundant water, Columbus offers food and beverage manufacturers:

- Affordable, diverse energy supply with renewable options
- Financial incentives
- Existing buildings and shovel-ready sites
- Trained workforce with manufacturing expertise
- Central location to serve the southeast
- Robust telecommunications infrastructure
- Outdoor recreation, a vibrant downtown, strong schools & entertainment options for employees

Those looking to build a data center will also benefit from the excess water supply.
